

# ECO SCRAPE & CLEAN

Eco Scrape & Clean is a moulded carpet mat made from recycled rubber and plastic bottles. The absorbent carpet surface scrapes the footwear and is extra durable due to a rubber reinforced backing.

The needle punch synthetic carpet provides excellent water absorption, resists fading and staining and dries quickly, stopping moisture before it gets indoors.

CODE	SIZE (mm)
<b>Eco Scrape &amp; Clean</b>	
ESC9060	900 x 600
ESC12080	1200 x 800
Also available in smaller sizes

## FEATURES

- Ideal for outdoor covered areas
- Made from 95% recycled material
- Durable rubber backing
- Excellent water absorption
- Outdoor use

PLASTIC BOTTLES

PET plastic bottles are melted down and are used as the absorbent fibre on the surface of the mat.

+

TYRES

Tyres are shredded down to a crumb rubber to be used in the base of the mat.

=

MAT

This non-slip outdoor mat is now 95% made from recycled products.
