

STABLE MAT

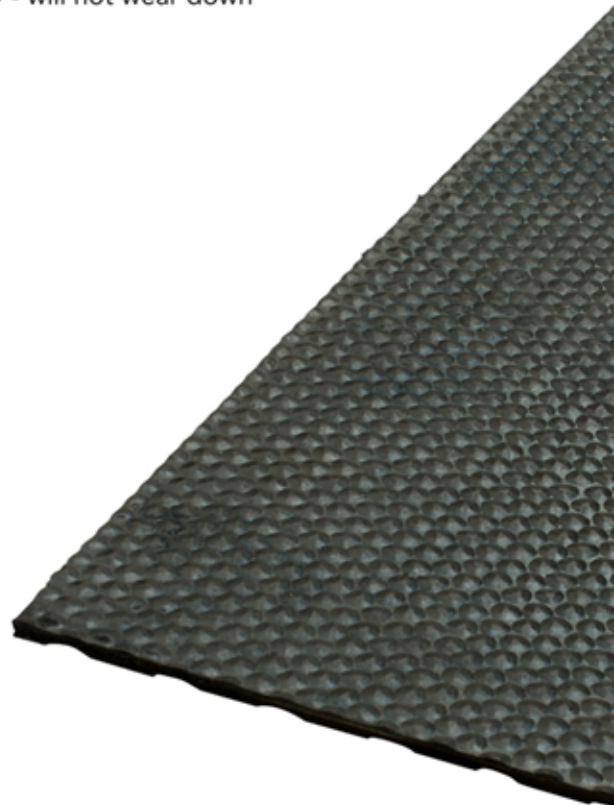

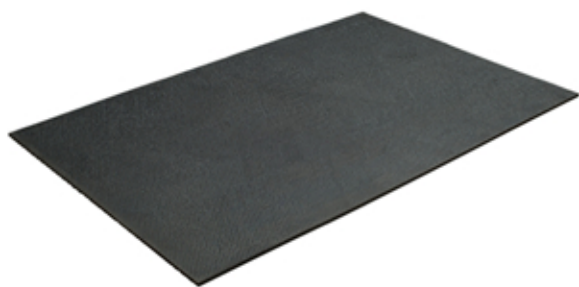

The heavy duty Stable Mat is constructed from 12mm thick rubber, designed to give a non-slip, soft surface wherever fitted. Available in slab form or it can be cut to shape, making it very versatile for any heavy duty environment.

FEATURES

- Ideal for cow sheds, horse floats, trailers, ute decks, areas subjected to heavy loads
- Solid natural rubber
- Textured top provides non-slip
- Heavy duty - will not wear down
